

**HUANUI COLLEGE**  
*vincit qui se vincit*

School holiday programmes for Year 5-7 students (ages 9 – 12)

9am – 3pm at Huanui College, 328 Ngunguru Road, Glenbervie

Each program limited to 12 spaces, \$40-\$50 per day

Go to <http://bit.ly/2sF8sbs> for the booking form and payment details

See our website for more information [www.hc.school.nz](http://www.hc.school.nz)

**Monday 10 July and Wednesday 12 July: *SCIENCE FUN* – Mr Stephen Towey - \$40/day**

Fun, hands on, practical experiments with a specialist science teacher. Programs will be adapted to suit the children's interest. Some of the things included could be: building water rockets, making slime, create a model hand, dissect a heart, make an egg drop parachute, make an electro magnet plus much more!

**Tuesday 11 July: *INTRODUCTION TO HORTICULTURE & AGRICULTURE* – Mr Stephen Towey - \$50**

Have you got a 'green fingered' child who would like to learn more about growing vegetables or flowers? This informative one day programme will see them build and take home their own mini planter box (wood materials, gloves and dust mask provided) and plant from a selection of seeds to be ready just in time for spring. They will also learn how to care for chickens, make a grass head and help build a bird feeder.

**Thursday 13 July: *ARTS & CRAFTS* – Mrs Monique Myburgh - \$40**

Are you creative? Choose your favourite project from several options on the day with Mrs Myburgh (older clothes recommended as you may get messy!).

**Friday 14 July: *COOKING FUN* – Ms Ashlee Cebalo - \$40**

A great opportunity for your child to learn basic culinary techniques and kitchen skills which they can then apply at home. Students will come away with the knowledge to confidently prepare, cook and serve a meal.
