

ROBOTICS

Huanui College School Holiday Programme

Wednesday 26 – Friday 28 April 2017

Never done a Holiday program? Do you enjoy creating? Come and learn to build and program a robot from scratch with the help of Mr Lewis. Build a moving robot and program it using 'ModKit' to create an autopilot type robot. Compete in a series of challenges. Come for one day or all three; there will be extension provided for each of the two successive days.

Bring Your Own Lunch and Snacks

Teacher: Mr Chris Lewis
